Photography policy

1. Consent and permission

On occasions where an external photographer has been appointed by Inspiring Learning to visit one of our centres, hotels or tour locations, we will require the parental consent form to be completed by the parent(s)/guardian(s) of the young people who may be included in the photo shoot.

It is the joint responsibility of the party leader and Kingswood to obtain permission from parent(s)/guardian(s) for children to be photographed.

Before taking a photograph or video of a group, the photographer and Inspiring Learning representative will ask the party leader if permission has been obtained for all children in the group. The party leader should notify the photographer and Kingswood representative at this point if any of the children cannot be included for any reason.

A party leader, child, parent or guardian may request that images may be removed from our photo library at any time. The photograph will be removed from any online platform (e.g. website) and will not be used in future printed materials.

2. Photographers and devices

Only the designated photographer is permitted to take photographs of the children with the consent of the party leader. Under no circumstances will Inspiring Learning staff take photographs or videos using personal cameras or mobile devices.

3. Appropriateness of images

Children will not be singled out for photographs and we will not photograph a child who appears to be in distress. Photographs will only be taken where children are appropriately dressed for their activity. If photographs are taken during swimming activities, children will only be photographed from the shoulders up.

4. Identification of subjects

We will not disclose the identity of any children who are photographed. Full names of children will not be published alongside their photographs.

5. Distribution

Photographs taken by our official photographers may be used in print and digital advertisements, promotional materials, marketing collateral, or any other use such as for training, educational or publicity purposes.

6. Social media
